Organisers:

DENMARK

Dear Exhibitors,

Following the encouraging soft launch, you're invited to join us at next year's **SEAClean**. You'll benefit from our over 20 years of experience in delivering decision makers.

SEAClean showcases the full range of clean technologies beyond the factory gate—from waste management and energy optimization to pollution control and environmental solutions—bringing together the entire value chain.

Market Potential?

SE-Asia is the world's fourth largest and fastest-growing economies, while also offering the stability and predictability. As companies continue to strengthen and diversify global supply chains, the region presents significant opportunities for the clean technology and cleanroom industries.

Malaysia, with its vibrant economy and sophisticated business environment, has become a leading destination for investment from Europe, North America, and Northeast Asia.

SEAClean will showcase about 200 international exhibitors and welcome around 5,000 dedicated industry visitors.

Therefore, if Malaysia and Singapore are among your target markets, this is probably your best opportunity.

Your customers are ready to discuss and move forward for fresh business opportunities. As always, a comprehensive range of proven visitor incentives will ensure strong attendance and high-quality engagement.

SEAClean is more than an exhibition:

Visitors and exhibitors can look forward to Seminars, VIP Tours, and Networking Events that have been fine-tuned over many years.

Finally, our Scandinavian roots are a natural fit with the values of cleanliness, efficiency, and sustainability. From our website and marketing materials to the exhibition itself, everything is designed to be straightforward and simple.

We look forward to welcoming you to SEAClean.

Best Wishes,

The Organisers and Our Worldwide Partners

With best wishes,

Crowds Are Easy

We've always said - **"Crowds are easy"**. And this still holds true after all these years. It's not about gate numbers but relevant visitors.

No fancy emails here!

Decision Makers are brought to the show floor through a combination of: Years of experience on what works best; our extensive resources and personal contacts and clean databases.

With over 200 exhibitors, the effort includes:

- Email campaigns
- VIP invitations
- SMS marketing
- Fax communications
- Personal phone follow-ups to confirm business appointments

Designed for Business Success:

From Show Previews / Exhibitor Profiles with B-2-B links, Networking Functions, Business Lounge, Seminar Rooms - just one objective maximise exhibitor success.

Exhibitors can expect an enthusiastic and qualified visitor base actively seeking new partnerships and fresh business opportunities.

Exhibitors

Cleanroom SE-Asia with its associated CleanTech is Malaysia's only dedicated event concentrating on the cleanroom and contamination control industry.

(For a detailed list visit webpage:

<https://se-asian-cleanroom-show.com/industries>)

Confirmed Exhibitors

You'll be joining 200 exhibitors from China, EU, Iran, Malaysia, Russia/CIS, Singapore, South Korea, Taiwan and Turkey.

Our visitor promotion effort is reaching professionals and decision-makers from the following sectors:

- Bio-technology
- Cleanroom Design & Construction
- Cleanroom Consumables
- Classification, Training & Consulting Services
- Disinfection, Decontamination & Sterilisation
- Food & Hospitality Technology
- Healthcare
- HVAC / Filtration
- Laboratory Precision Measuring Equipment
- Measurement Technology
- Optical & Laser
- Pharmaceutical Industry
- Waste Handling, Energy & Recycling

We look to the participation and feedback of our exhibitors as we continue to develop Malaysia's only dedicated exhibition for the cleanroom technology industry.

The Venue – ASIA'S BEST

Kuala Lumpur Convention Centre is world-class!

Southeast Asia's favourite meeting destination, offering world-class facilities, exceptional service, and an outstanding location. Set amid lush green surroundings, it is just a short walk from leading hotels, shopping, dining, and entertainment.

Malaysia, Truly Asia

Clean, green, safe, and culturally diverse, Malaysia offers a welcoming business environment and an ideal gateway to Southeast Asia. Kuala Lumpur is easily accessible via direct international flights, making it a convenient meeting point for exhibitors and visitors alike.

The floor plan shows a large exhibition hall with several sections and a stage area. The main hall is divided into sections labeled 6A, 6B, and 6C. Section 6A contains booths 6A01 through 6A15. Section 6B contains booths 6B01 through 6B12. Section 6C contains booths 6C01 through 6C12. There are also booths labeled 6P01 through 6P14 along the top wall, 6P15 through 6P21 along the right wall, and 6P22 through 6P29 along the bottom wall. The stage area is located at the bottom right, measuring 5.5m x 3.5m. Entrances are marked with red arrows and exits with green arrows. The text 'CLEANZONE' is written in large green letters across the bottom of the hall.

Purpose-built for exhibitions, it features wall-to-wall carpeting, excellent lighting, and generous ceiling height creating the right atmosphere for clean-well planned exhibition environment.

Visitors can easily locate the SEAClean exhibition hall thanks to comprehensive signage strategically placed throughout the venue.

The interactive floor plan allows visitors to explore exhibitor details using a simple mouse-over function. They can then access each exhibitor's **Show Preview** and conveniently schedule meetings directly through the integrated Meeting Scheduler.
